\$45 after May 16, 2010; includes lunch; program materials

Bring the whole team!

As our ministries grow, it becomes more and more apparent the need to build our teams to reach the many hundreds upon hundreds of young and single adults searching for meaning of their lives. We cannot reach the world for Christ without a foundation in Him, being strategic and intentionally building our teams, our leaders. Of course, the first team you build is the one between you and God.

Come and be energized, encouraged and equipped to continue building your singles' ministry by taking it to the next level. Our teacher will be the Lord through the lives of Nehemiah and Kris Swiatocho, Director of The Singles Network Ministries.
